and a millionaire's tax.	<p>“California 13.3% Tax Rate May Be Raised To 16.8%...Retroactively,” Robert W. Wood, Forbes, 8/3/2020</p> <p>Most Californian's think they already pay high taxes, and they are not wrong. But a tax bill, AB 1253 (Santiago), would impose even higher taxes, and retroactively to January 1, 2020. If passed, high income Californians would pay another 1% on income over \$1,181,484, 3% on income over \$2,362,968, and 3.5% on income over \$5,907,420. These dollar thresholds look odd, but are \$1M, \$2M and \$5M plus inflation adjustments.</p>
